

MINISTRY OF NATIONAL DEFENCE

Bucharest, May, 2026

Official Letter of Appreciation Black Sea Defense & Aerospace – BSDA 2026

Following the exceptional conclusion of the Black Sea Defense & Aerospace Exhibition and Conference – BSDA 2026, I would like to extend my highest regards and express my deepest gratitude for your outstanding participation, trust, and commitment.

This year's edition marked a historic milestone as we proudly celebrated the 20th anniversary of BSDA's launch. Since its inception two decades ago, the Ministry of National Defence has been an unwavering partner, standing firmly alongside this event year after year. Over these 20 years, BSDA has successfully evolved into the premier Defense and Security platform in Europe and the ideal gateway for the Romanian Armed Forces to engage, collaborate, and build strategic partnerships with the global defense industry.

BSDA 2026 has shattered every single record in its history – spanning over 70,000 square meters and bringing together more than 650 exhibitors from 36 countries. The sheer scale, technological diversity, and logistical grandeur of this edition far exceeded all expectations.

Given the unprecedented size of the exhibition space and the intensive schedule of official bilateral meetings, I must express my sincere regrets for not being able to personally visit every single stand. However, please be assured that the Ministry of National Defence highly values the presence and technical innovations of each company that chose BSDA 2026 as its business and diplomatic platform.

Your cutting-edge displays and dedication are what made these historic achievements possible. You have helped us set a new benchmark for defense cooperation on the Eastern Flank.

Looking forward, the Ministry of National Defence remains fully committed to supporting this landmark event. We look forward to welcoming you back to Bucharest in the future, and it is my sincere hope that for BSDA 2028, we will work together to surpass even the remarkable statistics we achieved this year.

Thank you once again for your invaluable contribution to the success of BSDA 2026.

With my highest appreciation

RADU-DINEL MIRUȚA

Radu Miruța

DEPUTY PRIME MINISTER,

MINISTER OF NATIONAL DEFENCE OF ROMANIA
